

SG ECO FUND PROJECTS AWARDED

Note: Some projects are no longer in progress. They may have been completed, withdrawn or terminated.

AWARDED PROJECTS FOR SG ECO FUND 4TH GRANT CALL SPROUT CATEGORY (BATCH 1)

S/N	Recipient/Organisation	Project Title and Summary
183.	Altimate Foods Pte Ltd	<p><u>Buzzing About Bugs: Raising Awareness of Insect-Based Protein in Singapore</u></p> <ul style="list-style-type: none"> Run educational programmes about food sustainability and alternative proteins such as insect-based protein.
184.	Beyond Social Services	<p><u>Enabling sustainable living habits in Tiong Bahru</u></p> <ul style="list-style-type: none"> Conduct train-the-trainer programmes on upcycling paper waste into edible mushroom grow kits and conduct a food drive to share the harvests with residents. Set up shared equipment for residents to process collected paper waste into substrate for mushroom grow kits.
185.	Cheng Dao Han	<p><u>Decentralised Farm</u></p> <ul style="list-style-type: none"> Engage and educate the community to grow edible vegetables in their homes through workshops. Conduct collection drives of produce from the home gardeners for donation or sales.
186.	Clementi Town Secondary School	<p><u>Smart Hydroponics Learning Garden @ Clementi Town Secondary School</u></p> <ul style="list-style-type: none"> Create a hydroponics SMART learning garden within the school to promote eco-stewardship, and sustainability. The garden will serve as a hands-on learning platform and living artefact integrated into the curriculum and co-curriculum activities.
187.	Keat Hong Youth Network	<p><u>Go Green Keat Hong</u></p> <ul style="list-style-type: none"> Conduct door-to-door collection of old newspapers and clothes and purchase groceries using the proceeds from the sale of the materials for needy families in Keat Hong. Conduct an environmental-themed carnival at Keat Hong Square after the collection drive to encourage residents to recycle and adopt environmentally friendly practices.

188.	Kowabunga! Global Pte Ltd	<p><u>ForestPlay Experience – Energy Champions!</u></p> <ul style="list-style-type: none"> • Conduct free hands-on workshops for underprivileged students to teach them about renewable energy sources.
189.	Mud Rock Ceramics	<p><u>The Earth</u></p> <ul style="list-style-type: none"> • Conduct an educational exhibition for serious ceramic hobbyists and pottery studio owners. • Exhibition will comprise a forum panel discussion, public workshops for participants to craft new ceramics and tools using upcycled objects, and an exhibition of artwork made from discarded materials.
190.	Ng Kao Jing; Chong Yin Kai Harrison; Sricharan Bala	<p><u>Jalan Journey – Sustainability World</u></p> <ul style="list-style-type: none"> • Develop a virtual platform offering an immersive learning experience for students to learn about their impact on the environment.
191.	Semula Pte Ltd	<p><u>Semula Community Recycling Programme</u></p> <ul style="list-style-type: none"> • Run training programmes for under-privileged and vulnerable communities on how to collect, clean and convert plastic waste into usable items. • Set up a collection point and develop a prototype machine with a more inclusive design.
192.	Tan Shi Zhou; Dixon Ho Jia Wei; Leong Hui Ling; Li Jia Ying; Tay Li Si	<p><u>Action for Climate Change & Environmental Solutions for Sustainability (ACCESS)</u></p> <ul style="list-style-type: none"> • Introduce a superworm facility using the larva of darkling beetles to break down food waste and packaging materials such as styrofoam. • Conduct educational talks, site visits and compost workshops with gardening starter kits.
193.	The Plastic Project Pte Ltd	<p><u>Scale-up community recycling of plastic waste into reusable goods</u></p> <ul style="list-style-type: none"> • Involve the community to donate plastic waste and process it into upcycled products. • Conduct community volunteer sessions to try new machines and moulds.
194.	LASALLE College of the Arts Limited	<p><u>Alternative Ecology: Art, Nature and Unknown</u></p> <ul style="list-style-type: none"> • Organise an exhibition showcasing artists across various disciplines whose works offer creative interpretations of environmental challenges. • Hold free public programmes such as panel discussion tours during the exhibition to share about what art can do for the planet.

195.	Witteveen+Bos	<p><u>Living Seawalls: Coastal Protection & Reef Ecosystem Creation for Environmental & Socio-Economic Benefits</u></p> <ul style="list-style-type: none">• Recycle oyster shell waste by repurposing them as a living seawall for coastal defense and biodiversity enhancement.• Community members will participate as citizen scientists in the preparation process and environmental restoration activities.

**AWARDED PROJECTS FOR SG ECO FUND 4TH GRANT CALL
SPROUT CATEGORY (BATCH 2)**

S/N	Recipient/Organisation	Project Title and Summary
196.	Ang Mo Kio Cheng San Cherry Resident Network	<p><u>Happy Garden Extensions</u></p> <ul style="list-style-type: none"> • Convert an outdoor space into an edibles farm with an open classroom that educates the community about food waste composting for planting edibles through workshops and food waste collection drives. • Conduct paludarium-making workshops using upcycled household materials.
197.	Apeiron Bioenergy	<p><u>The Oil Cycle: Community UCO Collaborative</u></p> <ul style="list-style-type: none"> • Train individuals within vulnerable communities on proper used cooking oil (UCO) collection, storage, and handling and to start collection in their communities. • Engage participants for community events and workshops, and to be community advocates.
198.	Centre for a Responsible Future	<p><u>Digital Earthfest Launchpad for Plant-based Games</u></p> <ul style="list-style-type: none"> • Organise an Earthfest x Veganuary event that combines plant-based food and physical activities with digital games and digital engagement. • Engage and educate participants through a game about the benefits of a plant-based lifestyle and how it lowers carbon emissions.
199.	Changi Simei Citizens' Consultative Committee	<p><u>Co-Creation of Community Garden – Changi Simei Zone 1</u></p> <ul style="list-style-type: none"> • Engage residents in Changi Simei Zone 1 to revitalise the existing community garden to be more inclusive with sustainable materials. • Train residents on how to grow vegetables using compost from their kitchen waste and conduct harvest sharing sessions for residents.
200.	Changi Simei Citizens' Consultative Committee	<p><u>Co-Creation of Community Garden – Sea Breeze Garden</u></p> <ul style="list-style-type: none"> • Engage residents in Sea Breeze Garden neighbourhood to set up an inclusive community garden with wheelchair-friendly paths and raised bed planters. • Train residents on how to grow vegetables using compost from their kitchen waste and conduct harvest sharing sessions for residents.

201.	City Harvest Community Services Association (CHCSA)	<u>Community Garden Community Engagement Programme</u> <ul style="list-style-type: none"> • Partner with a childcare centre and senior centre to implement regular gardening activities at CHCSA's garden of edibles. • Organise sessions with intergenerational activities for pre-school children and seniors, with topics centered around the garden.
202.	Eco Rangers Pte Ltd	<u>Food for Soap Project</u> <ul style="list-style-type: none"> • Create awareness in the community about food waste through talks and soap-making workshops at community events, where food by-products are upcycled into cleaning agents. • Collect food by-products from F&B, food distributors and hotels, such as fruit peels and coffee grounds.
203.	Ho Su Pei	<u>Unveiling Nature's Hidden Colours</u> <ul style="list-style-type: none"> • Raise awareness of slow fashion techniques such as natural dyeing and eco printing through interactive workshops and a mini pop-up exhibition. • Conduct collection drive at cafes and parks to source for food waste and botanical materials.
204.	Jackson Yeong Hong Han; Neo Hui Wen; Khor Geng Jun Benjamin; Keith Tang Yi Heng; Elvin Tee Zhong Yue; Chin Chen Kai, Jeff; Li Kai Xin	<u>AgriGenZ – Sustaining Urban Farming Through Generations</u> <ul style="list-style-type: none"> • Foster interest in urban farming among secondary school students through a school programme and events, and create an interactive anthology guidebook with insights from experienced farmers.
205.	Jaime Yeo Jing Ying	<u>The Climate School</u> <ul style="list-style-type: none"> • Develop and conduct a variety of interactive programmes to educate young children about climate change concepts and how they can adopt sustainable lifestyle habits.
206.	Khoo Hian Ze James	<u>Community within Communities</u> <ul style="list-style-type: none"> • Educate existing community gardeners in Sembawang Central about local biodiversity and to understand local ecosystems and endemic edibles, and how their individual community gardens are interlinked. • Set up an iNaturalist 'Place' for ecological monitoring and building a database of biodiversity in the gardens.

207.	Marine Stewards Singapore Ltd	<u>ReefX 2024 – Reef Survey by Citizen Science Divers</u> <ul style="list-style-type: none"> Engage and train recreational scuba divers and marine biologist volunteers to contribute to reef conservation through conducting reef surveys at three locations and produce a findings report.
208.	Miza Masturah; Ho Yong Rui, Randall; Jeevanandham Suhas; Kieron Quek Chon Hann; Fabellon Ren Arbie Sancon; Koko Enjolie Turner; Tiararose Sophie Khaled; Tan Yi Ren Gabriel	<u>Temasek Polytechnic Student & Community Garden</u> <ul style="list-style-type: none"> Partner with Temasek Polytechnic's Centre for Research & Opportunities in Plant Science to create a community garden in the school campus. Conduct student-led workshops for students, teachers and residents using materials from the garden, and cover topics such as growing microgreens, eco-enzymes and composting.
209.	Pass It On Elab Pte Ltd	<u>Pass It On Sustainable Gifting</u> <ul style="list-style-type: none"> Hold a pop-up sustainable gift-wrapping station where shoppers can get their gifts wrapped with used paper and gift-wrapping materials collected from tenants and the public, and pick up free ornaments and packaging materials. Conduct workshops on upcycling paper, fabrics and cardboard into gift wrappers and gift boxes.
210.	Pullman Singapore Hill Street	<u>Saving Surplus 2Food</u> <ul style="list-style-type: none"> Run a pilot programme to distribute surplus food from the hotel to the community. Engage and train student volunteers as food rescuers and distribute the surplus food to the community via a digital platform.
211.	Radin Mas Primary School	<u>Nurturing Our Future: Sowing Seeds of Sustainability</u> <ul style="list-style-type: none"> Set up a solar-powered hydroponics farm that will be managed by student Green Ambassadors, the Environmental Club, and parent volunteers. Design and run a food waste and food security campaign for the community.
212.	Science Centre Board	<u>Board and Card Games for Sustainability Education</u> <ul style="list-style-type: none"> Create sustainability-themed board games for teachers and students to raise awareness on the environmental impact of human activities, customised for the Singapore context.

213.	Science Centre Board	<p><u>Sustainable Design & Fabrication with Recycled Plastics</u></p> <ul style="list-style-type: none"> Engage schools and the community in sustainable design and fabrication with recycled plastics through workshops on plastic waste sorting, recycling, and upcycling through mixing with other materials. Set up space for plastic shredding and melting/extrusion to produce 3D printer filament using 3D printer waste and plastic bottle waste.
214.	Scrapplique Galore	<p><u>THREADS – The Redefining Art of Discarded Scraps</u></p> <ul style="list-style-type: none"> Conduct workshops and textile collection drives at community centres and libraries to create upcycled textile art pieces. Hold a public art exhibition to showcase the upcycled art creations.
215.	Sengkang Central Citizens' Consultative Committee	<p><u>Sengkang Central Eco-Carnival</u></p> <ul style="list-style-type: none"> Hold a carnival to educate and encourage residents to incorporate sustainable lifestyle habits and practices.
216.	Tampines Changkat Community Club	<p><u>Community Farming Project @ Tampines Mart</u></p> <ul style="list-style-type: none"> Set up a community-led rooftop farm at Tampines Mart, with the harvest going towards the existing Community Fridge. Engage tenants in the building and neighbouring schools for learning journeys to the farm.
217.	Tampines North Citizens' Consultative Committee	<p><u>Tampines North Green Wall Launch</u></p> <ul style="list-style-type: none"> Create a recycling corner with an informative wall mural to raise awareness and encourage residents to recycle their waste correctly. Conduct launch event with exhibition booths and interactive activities for residents.
218.	Tampines West Community Club Management Committee	<p><u>Powering Tampines Roving Exhibition</u></p> <ul style="list-style-type: none"> Hold an educational campaign with exhibition panels at schools and community spaces in Tampines to educate students and residents about the energy savings initiatives implemented in the area and how they can play their part.

219.	The Turning Point Halfway House	<u>Second Chance Farm</u> <ul style="list-style-type: none"> • Set up an edible garden and black soldier fly composting tent to compost food waste from the kitchen, pantry and chicken coop. • Engage and train residents to give public talks and create social media videos on sustainability.
220.	Wild Space LLP	<u>Wild Conversations</u> <ul style="list-style-type: none"> • Conduct monthly events with invited speakers held at central locations to discuss topics on nature and conservation, which will be livestreamed on social media platforms.
221.	Yu Fangling, Chua Tze Xin John	<u>Rethink Good</u> <ul style="list-style-type: none"> • Educate the community on sustainability issues at community events and spaces through activities such as recycling workshops and outdoor nature workshops. • Set up a communal recycling workspace and learning lab at a community club.

**AWARDED PROJECTS FOR SG ECO FUND 4TH GRANT CALL
SPROUT CATEGORY (BATCH 3)**

S/N	Recipient/Organisation	Project Title and Summary
222.	Bukit View Secondary School	<p><u>Cultivating Sustainability Awareness and Adoption Amongst our School Community</u></p> <ul style="list-style-type: none"> • Conduct a sustainability campaign focusing on food composting, reducing food and general waste. • Students will volunteer in environment-related activities.
223.	Goodcycle Environmental Technologies	<p><u>A Plastic Neutral Future</u></p> <ul style="list-style-type: none"> • Conduct workshops for corporates to empower employees with knowledge on recycling plastic waste. • Conduct workshops for children and families on environmental awareness and recycling practices.
224.	Innova Primary School	<p><u>Cultivating Sustainability Awareness and Adoption amongst our School Community</u></p> <ul style="list-style-type: none"> • Implement a sustainability campaign to reduce general waste and improve recycling rates. • Students can participate in the campaign with their parents.
225.	Orchard Turn Retail Investment Pte Ltd	<p><u>Reuse & Return at ION Orchard</u></p> <ul style="list-style-type: none"> • Provide reusable takeaway food and drink packaging at F&B outlets and food court. • Set up an engagement booth to educate patrons about reusable takeaway.
226.	Terra Academy	<p><u>Environmental Education through Experiential Learning</u></p> <ul style="list-style-type: none"> • Conduct plastic and glass recycling workshops for schools, where students will learn about recycling and repurposing plastic and glass waste.
227.	WeavInsight Pte Ltd	<p><u>Waste Gage</u></p> <ul style="list-style-type: none"> • Conduct workshops to educate the public on food waste reduction and ways to avoid food spoilage with the help of IoT sensors.
228.	Westwood Secondary School	<p><u>Cultivating Sustainability Awareness and Adoption amongst our School Community</u></p> <ul style="list-style-type: none"> • Conduct a campaign for students to reduce textile waste through clothes swapping and encourage recycling in the school.

229.	Yuhua Zone 5 Residents' Network	<u>Yuhua Zone 5 RN Hydroponic Garden</u> <ul style="list-style-type: none">• Grow vegetables using a hydroponic setup in a community garden and distribute produce to needy families.• Engage community gardeners and residents through workshops on growing food and educational tours.
------	---------------------------------	---

**AWARDED PROJECTS FOR SG ECO FUND 4TH GRANT CALL
MAIN CATEGORY**

S/N	Recipient/Organisation	Project Title and Summary
230.	Bishan East-Sin Ming (BESM) Citizens' Consultative Committee	<p><u>Repair Kampung Singapore (RKgS)</u></p> <ul style="list-style-type: none"> Empower the community to repair household items and provide a resource-sharing platform. Conduct training sessions for resident volunteers and provide basic home repair services and tools.
231.	Boon Lay Zone D Residents' Network	<p><u>Kindness Farm</u></p> <ul style="list-style-type: none"> Raise awareness of food resilience and food waste through building an edible garden with sustainable farming systems. Involve elderly residents and vulnerable families in growing edibles.
232.	City Harvest Community Services Association	<p><u>Community Garden Community Engagement Programme</u></p> <ul style="list-style-type: none"> Set up a community garden and engage seniors in the set-up and maintenance of the garden. Conduct workshops, gardening activities and community celebrations.
233.	Ground-Up Initiative	<p><u>Kampung Kampus – Phase 1</u></p> <ul style="list-style-type: none"> Set up and manage a sustainability-focused community space that will serve as a community engagement and educational space. Engage the community through three key programmes on the themes of waste, food, and biodiversity.
234.	Harmoni Preskool @ Kallang Pte Ltd	<p><u>Green Sprouts</u></p> <ul style="list-style-type: none"> Educate pre-schoolers and residents on food resilience and solar energy through setting up community gardens and hydroponic systems with solar panels. Conduct workshops for volunteers and residents on setting up and maintaining the community gardens, as well as harvesting vegetables.
235.	HCSA Community Services	<p><u>Vertical Farming at HCSA</u></p> <ul style="list-style-type: none"> Set up a farming system using vertical A-frame and solar powered auto-irrigation systems. Conduct educational tours for the community and distribute some harvest to the elderly and vulnerable families living nearby.

236.	Holocene Pte Ltd	<p><u>Food Waste Upcycling & Residential Urban Farming</u></p> <ul style="list-style-type: none"> • Collaborate with grassroots organisations and student centres to educate residents on growing vegetables using compost made from food waste. • Conduct workshops and engagement activities for residents on collecting food waste, operating the food waste digesters and growing vegetables at home.
237.	Lee Maggie Ka Ka, Lim Si Jin Ashley, Choo Peyton E-Lynn, Somisetty Sravani	<p><u>Inspiring environmental consciousness and stewardship through a series of children's books</u></p> <ul style="list-style-type: none"> • Publish an additional three books in the Champs for Our Environment series of children's books. • Host book reading and games sessions, and partner with organisations/charities to donate free books to underprivileged children.
238.	Lifestyle Group Pte Ltd	<p><u>The Green Project</u></p> <ul style="list-style-type: none"> • Scale up partnerships for collection of recyclable materials for green drums by setting up a physical incubation lab. • Connect students with industry specialists to co-create green instruments beyond drumming, such as wind instruments.
239.	Marsiling Citizens' Consultative Committee	<p><u>Marsiling Community Gardening/Farming</u></p> <ul style="list-style-type: none"> • Implement tech-enabled hydroponics and soil-based community farm on a multi-storey carpark rooftop. • Engage residents and volunteers on community farming.
240.	Movement for the Intellectually Disabled of Singapore (MINDS)	<p><u>MINDS Farm: Sustainable Farming Utilising Food Digester System</u></p> <ul style="list-style-type: none"> • Engage persons with intellectual disability in sustainable practices such as food waste recycling and hydroponics farming and provide them with vocational training opportunities. • Promote awareness of food and environmental sustainability, conduct community events and host celebrations which will feature the greenhouses and sustainability related activities.
241.	My Art Buddy Pte Ltd	<p><u>Eco Buddies: Fun Recycling and Eco-Literacy Journey</u></p> <ul style="list-style-type: none"> • Conduct and facilitate workshops to educate students on recycling and repurposing plastic waste. • Engage schools, libraries and community clubs, and target students in lower primary and secondary schools.

242.	National Cancer Centre Singapore	<u>Sustainable Fish Feed Pellet Production Using Alternative Protein Sources</u> <ul style="list-style-type: none"> • Set up and maintain a black soldier fly larvae hatchery and use the BSFL to produce fish feed which will be used in aquaponics systems. • Engage volunteers and students in training sessions on how to maintain the BSFL hatchery.
243.	Nee Soon East Community Club Management Committee	<u>Nee Soon East Community Farm</u> <ul style="list-style-type: none"> • Set up an edible farm and raise awareness of food resilience by involving elderly residents and vulnerable families in growing edibles.
244.	Play Beyond Pte Ltd	<u>Play Beyond - Circular Economy for Children's Preloved Toys</u> <ul style="list-style-type: none"> • Educate the public on reducing toy waste and extending the life of pre-loved toys through a web platform for preloved toys. • Conduct used toy collection drives, and work with childcare centres and community centres to organise mobile playgrounds and sustainability workshops.
245.	Republic Polytechnic (RP)	<u>Woven Tapestry</u> <ul style="list-style-type: none"> • Establish a textile waste management programme involving RP students, staff and the community. • Organise clothes collection drives, clothes swapping events, and talks and workshops on sustainable fashion, circular design, craft and sewing.
246.	Rotary Club of Singapore	<u>Repair Kampung Singapore – RCS</u> <ul style="list-style-type: none"> • Bring the community at Bukit Ho Swee together to repair their household items and provide a resource-sharing platform. • Conduct training for resident volunteers and provide basic home repair services and tools.
247.	Sustainability Collective Pte Ltd	<u>Campus-Wide Circular Takeaway Packaging System</u> <ul style="list-style-type: none"> • Implement a campus-wide reusable takeaway containers sharing system in a university campus, leveraging on an existing app and utilising return bins. • Onboard F&B retailers on the sharing system and engage the university community to utilise reusable food and drink containers.

248.	Terra SG Pte Ltd	<p><u>Collective Community for Sustainability – ‘Common Space’</u></p> <ul style="list-style-type: none"> • Set up and manage a community space at Vidacity with an interactive educational gallery on environmental sustainability. • Engage the community through gallery tours, collection drives and regular green programmes and initiatives.
249.	Vidacity Pte Ltd	<p><u>Vidacity</u></p> <ul style="list-style-type: none"> • Set up a sustainability and entrepreneurship ecosystem to offer programmes, services, spaces and partnerships opportunities. • Engage the community through agroforestry and afforestation learning journeys and festivals, Makerspace workshops to promote a circular economy, and mycelium and mushroom production workshops to grow mushrooms from food waste.
250.	World Scientific Publishing Co Pte Ltd	<p><u>Once Upon a Green World Books and Workshops</u></p> <ul style="list-style-type: none"> • Publish four children's picture books based on classic tales with an environmental twist and theme. • Conduct a series of workshops to engage children on the environmental messages that are communicated through the books.
251.	WWF-World Wide Fund for Nature (Singapore) Limited	<p><u>Change the Way You Think About Waste</u></p> <ul style="list-style-type: none"> • Pilot a community outreach initiative led by Eco-Committees comprising of students who will develop action plans for recycling and waste management in their schools and communities. • Conduct workshops to equip students with knowledge and skills to develop the plans and implement them in the community.
